

Spider® Shelving System

THE MOST VERSATILE SHELVING SYSTEM THAT EXISTS

Much more than a simple shelving unit!

Sturdy construction and quick assembly, the Spider® shelving system meets all of your storage needs. With its vast range of accessories, it offers the most diverse options on the market, making finding solutions for all your storage problems as easy as 1, 2, 3.

- The combination of shelving and Mini-Racking opens up a whole new avenue of possibilities;
- Adding modular drawers guarantees you secure organization of all your small parts;
- Vertical expansion is also a possibility thanks to our multi-level shelving system.

Designed for intensive use, our modular storage system will maximize the space in your warehouse, parts department, maintenance workshop, distribution center, etc.

Our expertise ensures you peace of mind for all of your needs, present and future!

The Rousseau drawer rolling mechanism is covered by a lifetime warranty.

Spider® Shelving System

The Rousseau Advantages

Assembly is simple : shelves are installed on the posts using 4 compression clips, in 14 gauge steel. This makes for easy and fast adjustments.

Mini-Racking integrated into your shelving optimizes your storage possibilities.

A unique and super functional post. The common post is the cornerstone of the structure. Its unique T-shape offers up to 7 fixing zones for different applications. Plus, its hollow center makes for installations without interference.

The steel beams are designed for several types of decking : wood, steel and wire. Two types of beams are available, depending on the load capacity and dimensions required. Load capacity can reach 1925 lb..

Each component is designed to offer you an easy-to-use product.

NOTE The unique shape of the Spider® post is a Rousseau Metal Inc. trademark.

Shelf Load Capacity

Shelving load capacity tests are based on ANSI MH28.1 Shelving Manufacturer Association (SMA) standards. Capacities incorporate a safety factor and are valid for an equally distributed load. Capacities are indicated in pounds.

NOTE

The SH22, SH24 and SHC reinforcements are not factory installed on the SH20 box shelves.
