

LoProfile™

LX SERIES LO-PROFILE LIFT TABLES

The Bishamon LX-Series Lo-Profile™ are rugged electrohydraulic lift tables. They are designed for capacities of 550 lbs. to 4,400 lbs. and are available in a variety of platform sizes and lift heights.

LoProfile™ lift tables provide lifting power from a very low elevation. This low collapsed height provides easy access for pallet jacks, 4 - wheeled carts and other devices requiring low profile. The LoProfile™ is also an excellent choice for conveyor transfer.

LoProfile™ lift tables help increase productivity and reduce worker strain by positioning materials at a convenient operating height for worker efficiency.

LoProfile™ lift tables are widely used in production facilities, assembly areas, shipping and warehousing facilities. With great emphasis being placed on ergonomics and the reduction of repetitive motions, the LX Series meets the ever-growing need for work positioning assistance in manufacturing operations.

All Bishamon products are designed and constructed for positioning applications under the toughest working conditions, offering years of trouble-free operation. They reflect over 50 years of proven Bishamon performance.

Bishamon Industries Corp. ("Bishamon") warrants its products to be free from defects in material and

workmanship for a period of one (1) year from the date of initial shipment. This warranty shall not apply to any misuse, mishandling, accident, shipping, alteration, or unauthorized repair of any Bishamon product or part. For complete details of warranty, please contact Bishamon at 800-358-8833.

Standard Features

- Extremely low collapsed heights of 2.9" to 4.3" provides access for rolling products, carts or pallet trucks
- Electric full-perimeter toeguard around the platform provides optimum operator safety
- Heavy-duty construction with captured scissor rollers for maximum stability
- Remote power unit with hand held control
- 24V operator control voltage
- High performance external electric-hydraulic power unit
- Durable steel braided hydraulic hose

Optional Accessories

- Foot operated control with guard
- Approach ramp
- Pallet truck approach ramp

Selector Table for LX Series Lift Tables

Model	Capacity (lbs.)	Table (in.) W x L (A) (B)	Table Height (in.)		Power Unit	Speed (sec.)			Ship Weight (lbs.)
			Min. (C)	Max. (D)		Up		Down	
						Full	Empty		
LX-25S	550	23.5 x 32.5	2.9	20.7	115V, 1PH	7	5	5	213
LX-25L	550	23.5 x 40.0	2.9	29.9	115V, 1PH	10	8	8	257
LX-50S	1,100	23.5 x 32.5	2.9	20.9	115V, 1PH	13	10	8	228
LX-50L	1,100	23.5 x 40.0	2.9	30.0	115V, 1PH	20	16	10	277
LX-100W	2,200	34.5 x 51.0	3.3	38.6	230V, 1 or 3PH	11	10	15	606
LX-100N	2,200	24.0 x 51.0	3.3	38.6	230V, 1 or 3PH	11	10	14	490
LX-200WM	4,400	45.5 x 61.5	4.3	39.4	230V, 1 or 3PH	23	20	36	1,100
LX-200N	4,400	33.5 x 55.5	4.3	39.4	230V, 1 or 3PH	23	20	36	860
LX-200WL	4,400	45.5 x 81.0	4.3	39.4	230V, 1 or 3PH	23	20	36	1,238

115V, 1/2HP external power unit assembly W/24VAC control voltage on LX-25 or LX-50
 230V, 1 Phase, 2HP external power unit assembly W/24VAC control voltage
 208/230V, 3 Phase, 2HP external power unit assembly W/24VAC control voltage

Full Perimeter Electric Toeguard

2.9" Lowered Height On Models Up To 1,100lbs

Remote Power Unit
